Section

Annex 3 : rapid assessment checklist

This document is a guideline for the sorts of questions you might wish to ask during a rapid needs assessment. Rapid assessments should be completed within 72 hours of an emergency happening.

Please fill in as much as you can of this form, but don't delay sending it until all the data is available. If there are gaps or information you cannot gather yet, please just explain this and send as much information as you have.

1. Briefly describe the disaster and what has happened.

- What is the disaster (e.g. earthquake, floods, conflict etc.)?
- When did it happen/start?

2. List the areas affected:

Region	District	Villages affected	Are these AA LRPs? Yes/No

- If possible, attach a map highlighting affected areas and ActionAid LRPs

Specify how these people are affected (add criteria below according to the specific disaster – the criteria provided are examples)								Eg. Deaths
								Eg. Displaced
								Eg. Cases of cholera or other disease
								Eg. Houses destroyed
								Eg. Crops failed
Total number of								people affected
6-14 aged Girls	6-14 aged Boys	15-45 aged Women	15-45 aged Men	46+ aged Women	46+ aged Men	Girls and boys under 5	Total	Total population
								Total number of households
								Name of community and district

Summarise the results of the data collected from each of the communities sampled (copy this table for each community):

3. Number of people affected

Damage to infrastructure (e.g. roads, bridges, schools destroyed, communications down etc.)

Please describe:

Provide an estimate of the number of people affected in ActionAid's LRPs, clearly stating what assumptions you have used to calculate this, including:

- the data from communities where you conducted the rapid assessment
- how many communities were sampled
- how many communities are within the affected area
- what you mean by a household (i.e. how many people are included in one household) and how a household is defined – e.g. – those cooking on one stove or those living under one roof etc.)

Total number of communities (villages) affected		Total number of people affected		Eg. Deaths		Eg. Displaced		Eg. Cases of cholera		Eg. Houses destroyed		Eg. Houses damaged		Eg. Crops failed, cattle, poultry, goats, died	
Are there any people with disabilities? Please describe briefly	Total	Girls and boys under 5	Men aged 46+	Men aged 15-45	Women aged 46+	Women aged 15-45	Boys aged 6-14	Girls aged 6-14							

4. What are the urgent needs identified by the community? Please specify under the following headings, highlighting the specific issues prioritised by women:

- food
- shelter and non-food items
- health
- protection
- psychosocial support
- water, sanitation and hygiene
- other (livelihoods etc.)
- seeds for the next sowing.

5. Are there specific impacts on women that you can identify at this stage? What are the specific needs of women in the communities visited?

6. Who are the most vulnerable groups in this crisis and how are they being affected differently?

7. What is the community already doing to respond in each of the places sampled? What existing community structures exist that are organising the response (e.g. traditional leadership structures, women's groups etc.)?

11. Brief description of the rapid assessment process

- date of the assessment
- methodology and sources of information used (including ways you ensured women's participation)
- name of the person and organisation responsible for the assessment.

10. Situation forecast: briefly describe how the situation is likely to develop over the next four weeks.

- E.g. forecasts for heavy rain and flooding, upcoming lean food season, projections for spread of disease, risk of conflict or social unrest
- state the basis for this analysis (e.g. weather forecasts, government, NGO, UN data, ActionAid own analysis, community views etc.).

9. What are the gaps that are not currently being met?

8. What is being done by other agencies in each of the communities sampled (e.g. UN agencies, NGOs, government?)

AA Country Programme National (Office)

Describe conditions at the ActionAid national offices (tick as appropriate)

<input type="checkbox"/> No damage	
<input type="checkbox"/> Minor damage	
<input type="checkbox"/> Moderate damage	
<input type="checkbox"/> Destroyed	

AA Local Rights Programmes Infrastructure (Office)

Describe conditions at the LRP offices (tick as appropriate)

<input type="checkbox"/> No damage	
<input type="checkbox"/> Minor damage	
<input type="checkbox"/> Moderate damage	
<input type="checkbox"/> Destroyed	

	Week(s)
	Hours/days

How long can the country programme fund the emergency response operation?

		Other
		Partners
		Volunteers
		Staff
	National level	
	LRP level	

Explain availability at Country Programme national headquarters and LRP levels after the emergency

Human resources
